OUR CONVICTION

SIMPLE, FLEXIBLE, AND VARIED –

this perfectly sums up our innovative and professional food concepts. We truly believe healthy eating should not only taste good, but it should also look good and be enjoyable.

We pay particular attention to the freshness, sustainability, and fair trade of our products. We only process selected resources. More than 95% of them are produced in the European Union.

Our benchmarks are the variety of possible uses as well as market innovation. Our dressings, dips, sauces, and desserts are regularly optimised and further developed. To ensure that the natural aromas are preserved, our products are prepared gently and, whenever possible, cold. The aim is always to avoid the use of additives that have to be declared.

Homemade with love: these is the cornerstone of our range – characteristics that are reflected in the quality and taste.

We love what we do, and you can taste it!

Bigfood is certified according to the IFS Food Standard "Higher Level" Our quality management system is regularly audited by internal and external auditors.

As a Sedex member, we are committed to being a responsible company, sourcing responsibly and continuously improving ethical standards and working conditions within the supply chain.

Science-based targets provide us with a clearly defined pathway to reduce emissions in line with the goals of the Paris Agreement. To this end, we are working with the Science-based targets initiative.

THE INNOVATION

NEW!

OUR PACKAGING

100% RECYCLABLE

The new black bottle not only still looks high in quality, but is also now 100% recyclable.

CIRCULAR ECONOMY

When correctly disposed of, the bottle can return to the recycling cycle. At least 28% of the original CO₂ emissions of the bottle are saved.*

LATEST INNOVATION IN THE FOOD SECTOR

We have the solution for recyclability of black plastic bottles in the food sector. We are delighted about this next milestone.

Our Optimahl Starline sauces will soon be available in the recyclable bottles!

* Study based on DEFRA database; the recyclability makes CO₂ savings possible through the substitution of virgin plastic in the subsequent life cycle with proper disposal. More information available via: nachhaltigkeit@bigfood-group.com

PACKAGING DEVELOPMENT

Our packaging developers are in constant contact with the packaging industry and well-known waste disposal companies. We accompany our suppliers through the development and initial production runs – specifically for the products we produce.

FOOD TREND SNACKS

Our lives are taken up by work! We frequently lack the time and energy to cook at home. This is just where the trend towards snacking comes in. A quick bite for in between, or on the go, and preferably fresh & fast. It's a diverse playground for our products and us! We are taking up the challenge of offering demanding consumers a variety that leaves nothing to be desired – regardless of their type of diet.

Are you interested in our snack concept? Speak to us!

POMODORE CHILI

Made from sun-ripened, dried tomatoes. Spicy, hot, and slightly sour, it goes perfectly with pasta or Mediterranean casseroles.

FIG AND HONEY MUSTARD CREAM

Whether as a spread on bread, on a cheese platter, or to refine your snack compositions: With notes of fruity figs, sweet honey, and a fine mustard, it is always an ideal combination!

GENOVESE-STYLE BASIL PESTO ART

A must for every pasta dish! Delicious as a spread with grilled vegetables, on a slice of traditional bread, or in Mediterranean burger creations.

**RASPBERRY
FRUIT PUREE**

The fine and very aromatic fruit puree tastes uniquely fruity and particularly fresh. Ideal with ice cream, mousse, panna cotta or porridge, as well as for fresh shakes, cocktails and frappés.

bedda®

Uncomplicated & variable

What do we love most about bedda?
Well, apart from the extra-delicious taste?

Quite clearly: the unbeatable variety! It all started with our cheese alternatives. And because they turned out so well we gradually moved on to other favourite products from the refrigerated section.

And voilà: from sandwich spreads to dressings and dips, there's hardly anything left to wish for now.

Guaranteed bedda.
